

Year 11 Leaving Arrangements

As we are coming towards the end of the GCSE exams this is the final newsletter for Year 11 students. Next Friday is your final day: that morning you should go straight to the Hall rather than to registration.

Once the rest of the school begins period 1, we will have your Leavers' Liturgy and formally say farewell to you. We will also issue your Year Book – thank you to those involved in putting this together. We want to build up a stock of second-hand uniform so will be issuing the year book free to anyone who is able to swap a copy for a blazer or school tie!

For the Liturgy we require you to be in correct uniform. I have no objection to you signing each other's shirts, but if you wish to do this you need to bring a spare shirt to sign so that you can change into a clean one for the liturgy.

You will be leaving school at break time so that you can prepare for your prom that evening. This starts at 7.00 with arrivals from 6.45pm. You may make your grand entrances through the student gates. If you have arranged special transport for the evening it will be able to come right into the courtyard.

So that everyone enjoys the evening, let me point out that it is not correct to leave your tables during the meal. There will be plenty of time before and after the meal to circulate among those who are not on your table. Again, many thanks to the prom committee and all involved in planning this event, and to the caterers for the superb food. Carriages at 11pm.

A reminder that exam results may be collected between 9 and 11am on Thursday 24 August.

For students continuing into Year 12, Induction Day is Thursday 22 June, which is when we will explain the process for the start of term in September.

Apprenticeships

It has come to our attention that City College have been directly contacting students in Year 10, inviting them to an Apprenticeship Event on 28 June between 10.00 and 12.00. As this is a school day, students need to attend school and will not be permitted to go to the event. The school has a comprehensive Careers Education programme, which includes the provision of opportunities like this in a way that is not detrimental to students' learning. There will be a further Apprenticeship Event during an evening in July; we will give details of this to students so they can attend if they wish.

Eid al-Fitr

Our Muslim students will be celebrating the end of Ramadan next weekend. As I explained in the first newsletter of the year, back in September, if your mosque is celebrating on a school day then one day's absence is allowed providing you did not have a day's absence for Eid al-Adha last September.

Year 9 Visit to Careers Fair

On Friday 23 June, all of Year 9 will be attending a Careers Show at the East of England Showground. This event is run by the Skills Service and is an excellent opportunity for students to find out more about post-16 opportunities and future careers. Parents have already received a letter, however the timings have changed slightly due to coach availability. Students should arrive in school, in uniform, at the usual time and we will leave at 9.30am. We will return at approximately 1.30pm. For this reason students must bring a packed lunch as they may not have access to the school canteen on this day. Students who have free school meals will be provided with a packed lunch.

High School Musical

The school production is well under way and the pressure is on now. The students are working extremely hard and getting nervous already. The cheerleaders costumes have arrived and they already look fabulous! Tickets are on sale now.

The Dance Academy are preparing for their next performance for the Achievement Assembly in two weeks and they look amazing in their new costumes too. Don't worry, we will do a performance in assembly before the end of the year.

Product Design - Technology

The year 10 product designers visited the Coca Cola factory in Milton Keynes on Monday. They were shown one of the assembly lines, which explains how the empty cans enter the building, through the filling, pasteurisation and sealing of the product, ready to be shipped to shops. The students enjoyed the trip and were praised for the enthusiastic questioning from the Coca Cola co-ordinator.

Congratulations to Devshi and Alexson in year 10 Product Design who have been selected from all the schools in the area to complete work experience for a week with TATA. They were praised for their enthusiastic application from TATA, who are looking forward to meeting them.

Another congratulations to Lukas Kadziulis who's Final product design coursework piece has been selected by the Furniture Makers Charity to be put against other students in a national competition, we will find out the results later in the year. *R Butter, C.A.L for Technology*
